Call for enrolment to Doctoral Study in Project, Program and Portfolio Management at Alma Mater Europaea - ECM for academic year 2018/19

Alma Mater Europaea ECM is announcing call for enrolment for the Doctoral Study in Project, Program and Portfolio Management for academic year 2018/19. We recognize and practice cross-sector thinking, cross-border collaboration, cultural diversity, competence development, creative thinking and transparency.

The 3-year doctoral study is accredited in Slovenia, European Union, and degree obtained is Doctor of Science in Project Management. The study is oriented to project, program and portfolio management as central and the only focused area.

The study is part-time, starting with lectures in the first year and followed by development and delivery of thesis combined with various activities such as participations at events, publishing activities, seminars, workshops etc. during the second and third year. The official working languages is English.

During the first year lectures include in total of six courses, three compulsory and three elective. Each course is composed by pre-course preparation, in-class lectures, online consultations and individual assignment. For those not able to travel, online participation is available as remote access to recorded lectures at any time suitable for the student. The second and third year are focused to research thesis and different activities, where student work closely with the supervisor under patronage of the PM Study Program Council.

Members of the Study Program Council are professors and researchers from Germany, Italy, Spain, USA, UK, Holland, Slovenia, Romania, Serbia, Turkey, Austria, Ukraine, Kazakhstan, China, Croatia etc. We are dedicated to assign the best thesis supervisors considering the research topic and student special needs.

We are proud to announce that in the current academic year 2017/18 our doctoral study was successfully attended by students from six countries: Germany, Italy, France, Slovenia, Croatia and Peru.

We welcome ambitious young or senior professionals, coming from industry, academia, consultancy, public agencies, local authorities, NGOs, etc., which would like to take challenges for development of project management profession and delivery of success in high demanding business environment across all sectors and areas where projects, programs and portfolios are driver for creation values for community and individuals.

You can learn more about the study from our [prospectus](#).
